Northwest Orange Republican Women, Federated

## President's Message

Dear NORWF Members:

I hope your Christmas was Merry and Bright! I spent the Christmas Holiday with my nieces in South Carolina. I stayed at the home of Sarah who just built a new house on Daniel Island which is part of Charleston. She has two small children and I was not used to the mayhem that they created, but there were also quiet times where we played together. One night after the kids were in bed Sarah and I had a chance to talk. I didn't expect her to say "So, what do you really think about Trump?" We have never discussed politics and unsure about her thinking, I said "Well, I don't always like the way he expresses himself and some things he does, but I think his actions have really shown that he is 100% for America's welfare and the best for the American people." She told me that her husband Nathan, who works for Nucor Steel, commented "look what he (Trump) has done". Apparently the business at Nathan's plant has skyrocketed and there are plenty of orders to fill and work to be done, unlike in the past when Nathan first started working there. We also discussed how great the economy is, how low unemployment is, and the value of a 401K or IRAs because of the strength of the stock market. She also expressed her dislike of the media Trump bashing 24/7, when most all of things they report are not right. I hope many younger people (Sarah is 38) feel the way she does: Which is, I think, maybe you don't like Trump for whatever personal reason, but the results of his administration so far proves that he is making America great and prosperous again, I did not get to speak with my other niece, Suzanne, about the subject, but I hope she is like minded with her sister.

As we head into our first year with our new officers I am excited to get started, although it will take time for us to get up and running. We will all work together to make a smooth transition and will take any help that is sent our way by our members. As I stated at the Christmas Party, I have a few goals that I am striving to achieve:

Get our President Trump re-elected. Get our Republican message explained to young people. Fill all Committee Chairs. Add more members to the Club. I have already talked to one member who offered to talk to a few past members to ask if they would rejoin us.

Together we can make this a great year for the Country and for NORWF. We will have to work hard, but that is what we have always done.

Looking forward to our first meeting January the 16th same time, same place.
