

The first Labor Day holiday was celebrated on Tuesday, September 5, 1882, in New York City, in accordance with the plans of the Central Labor Union. The Central Labor Union held its second Labor Day holiday just a year later, on September 5, 1883.

By 1894, 23 more states had adopted the holiday, and on June 28, 1894, President Grover Cleveland signed a law making the first Monday in September of each year a national holiday.

**TRIVIA:**

Americans first celebrated Labor Day in 1882, and it became a federal holiday in 1894 – nearly 20 years before the creation of the Labor Department.

ELECTION INTERFERENCE DOES NOT ONLY MEAN ELECTION MACHINE MALFUNCTIONS

Election interference can be many things, as we are quickly learning watching the persecution of 45<sup>th</sup> President and leading presidential candidate Donald J. Trump. The Thugs at Biden's Department of Injustice have reached disgusting new heights in what defines election interference. Let's take a look at just a few of the despicable actions the DOJ and the FBI have pulled over the last couple of years. Due to Covid, many states seeing an opportunity and not wanting it to go to waste, changed their voting laws to make it easier for people to vote, including unlimited and uncontrolled mail in voting, unsigned ballots, ballot harvesting, no requirement for voter identification at the polls. Laws changed by judges, influenced by demorat voter rights groups, by corrupt politicians, and in direct violation of the United States Constitution. Article II, Section 1, states in part, "Each state shall appoint, in such manner as the Legislature", State Legislature, not judges, not corrupt politicians. Amendment X would also apply. Covid 19 served its purpose at this point. but more about that in another article.

Election night 2020, several key states, all states where Donald Trump was leading, just stopped counting votes around 11:00 pm election night and announced counting would resume the next day. Election poll workers and watchers were dismissed, but alas! In many states, counting "resumed" around 3 or 4 in the morning and surprise, all votes were for Biden. Video from a counting site in Ga. Showed after everyone was sent home for the night, vote counters pulled boxes and boxes of ballots out from under tables and behold, most ballots were marked for Joe Biden. WOW!

The October 2020 debate between Trump and Biden. Biden accused Trump of many things, including supporting Russia, making millions off China (which by the way, the Bidens were and are still doing); and killing millions of Americans by allowing misinformation about Covid to be spread via social media. Lying on FISA applications to begin a bogus investigation of Donald Trump colluding with the Russians. Social Media giants being warned by the FBI and the DOJ there might be some "misinformation" regarding a laptop computer supposedly owned by Hunter Biden. Russian disinformation they were told and suggested that posts regarding said laptop be deleted. The social media world of course complied with this tyrannical request, and of course millions of Americans were unaware of hunter's laptop.

And now, the latest and perhaps the most reprehensible of actions, the bogus indictments and piling on of false charges against Donald J. Trump. These indictments are nothing more than a vindictive, vicious, and hateful attempt to keep Donald Trump off the campaign trail and they hope will put him into an orange jumpsuit instead of his blue suit, red tie campaign dress. Many of the attorneys in these actions are Obama appointees or demorat donors, with axes to grind. All these charges are nothing more than a coordinated attack on our election process, on Republicans and on Donald Trump. And the complicit, Pravda Media gleefully report on every detail of these indictments, even down to covering one of the special counsels going to Subway for lunch. And now reports that the special counsel is seeking a GAG order against Donald Trump, to stop him from speaking out on any of this.

Joe Biden stated in November 2022, and I am paraphrasing here, "We have to demonstrate Trump will not take power again", even if he wins in 2024. And demorats and others are doing just that.

AND THAT my friends, is the definition of ELECTION INTERFERENCE".

**I AM A REPUBLICAN BECAUSE**

The proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and the best government is that which governs least.

The most effective, responsible government is the government closest to the people.

I BELIEVE the strength of our nation is based on the individual and that each person's ability, dignity, freedom, and responsibility must be honored.

I BELIEVE that free enterprise and encouragement of individual initiative and incentive have given this nation an economic system second to none.

I BELIEVE in equal rights, equal justice, and equal opportunity for all, regardless of race, creed, age, sex, national origin, or disability.

I BELIEVE Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

I BELIEVE Americans value and should preserve our national strength and pride while working to extend peace, freedom, and human rights throughout the world.

FINALLY, I BELIEVE that the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.
